

GUIDE TO APPLICATION FOR THE INTERNATIONAL MOBILITY GRANT YEAR 2023

1. RECIPIENTS

The international mobility integrative grant **is addressed exclusively to students winner of Edisu scholarship a.y. 2022/23 participating in international mobility programs sponsored by their University for the academic year 2023/24.**

Winners of scholarship a.y. 2022/23 can apply for the integrative grant **by a minimum of 1 month until a maximum of 10 months.**

The period of international mobility must have a recognition of credits in the course of study attended in Italy or it must be aimed to prepare the thesis.

The additional contribution for international mobility is granted **no more than once** for type of course of studies and **for one project only**. Therefore, it is not possible to add up the months of two different projects in the same academic year.

The international mobility grant is a contribution for expenses and costs incurred during a **project abroad**. From the monthly amount of € 600 is deducted any amount by the European Union on any other bilateral agreement, both for European and non-European destinations, on the basis of what is certified by the university.

The amount is not paid if the project is exclusively in *distance learning*.

If a part of the project take place abroad, and another period is in *distance learning*, students can get the contribution only for the period spent abroad.

ATTENTION: all students who have won one of the special projects 2022/23 indicated in art. 1 par 1 of the mobility notice of last year and who in 2022, even if they meet the requirements, have not made the request, they can apply for the grant of this notice of competition.

2. PROJECTS WITH LATE OUTCOMES/DEADLINES

There are some mobility projects whose results are published after our ranking list.
Students participating in those kind of projects must refer to the following steps.

All students meeting the requirements listed in this Notice of competition **mobility projects with late outcomes/deadlines**, may result excluded in provisional ranking list on June the 27th 2023 with the justification "**Esito di Ateneo non ancora disponibile/Outcome of University not yet available**". In this case, they have to submit a **complaint online** from June the 27th June until 4th July 2023 at noon.

In the definitive ranking list on July the 20th 2023, if these students submit the complaint only, they will view the result "**Sospeso/a in attesa di esiti Ateneo/Suspended waiting for University outcomes**". Then it is necessary to consult the new ranking of November 2023. If students view the result "**vincitore/vincitrice - winner**" in November definitive ranking list, they will receive the first instalment of the contribution by the end of December 2023, according to the availability of funds.

Students who win one of the 2023/24 mobility projects with late outcomes/deadlines and do not submit the application for the integrative grant within deadlines, have the possibility to apply for 2024's next edition only if they win the 2023/24 EDISU scholarship in compliance with procedures and time frames forecasted by the Mobility Notice of competition 2024.

3. SPECIFIC CASES

1. Students who have won the Edisu scholarship of a.y. 2022/23 for the “seventh semester“ of bachelor degree only, they cannot apply for the integrative grant for a 2023/24 mobility project related to the career of master degree.
2. Students who have won the Edisu scholarship a.y. 2022/23 for the “seventh semester of bachelor degree and first year of master degree”, they can apply for the integrative grant only if the 2023/24 mobility project is related to the career of master degree.
3. Students who have won the Edisu scholarship a.y. 2022/23 for the “seventh semester of bachelor degree and first year of master degree” and obtain the integrative grant provided by this notice of competition, they cannot obtain it during their career of master degree.

4. HOW TO APPLY

The application is a **self-certification** stating personal data, information about the period of international mobility and the condition of winner of Edisu scholarship for the academic year 2022/23.

It is necessary to **fill out the online application on the personal page of Edisu portal and transmit it via web within 12:00 (noon)** of the deadline.

In order to fill out the application, students must log in using SPID and password. International students who don't have the SPID code can request a temporary login code to fill the application on their personal page of Edisu website.

EDISU will not accept applications submitted in other ways than the ones stated above.

Concerning particular international mobility programs not included in Erasmus projects, students must attach a self-certification or the documents stating all details of the project and the name of the project's coordinator within the online application.

5. ECONOMIC AND MERIT REQUIREMENTS

Students **winner of EDISU scholarship for the academic year 2022/23** applying for the integrative grant of this Notice of competition, **do not have to produce a new self-certification about economic condition and merit requirements**, since Edisu has already verified these data during the evaluation stage for 2022/23 scholarship application.

6. DEADLINES

The application for the integrative grant 2023 must be **transmitted online with no exception from MAY the 5^h to JUNE the 6th 2023 at 12:00 (noon)**.

Failure to submit the application within the deadlines makes the application ineligible.

Definitive outcomes will be published on **November the 23th 2023** at 12:00 (noon) logging into the personal page of Edisu Online Services and entering in "Previous years benefits".

In this classification lists, students could be:

VINCITORI/VINCITRICI - WINNERS: the applicant meets the requirements of the call and is entitled to the contribution.

IDONEI/E - ELIGIBLE: the applicant meets the requirements of the call but, due to lack of funds, cannot receive the grant.

ESCLUSI/E - EXCLUDED: the applicant does not meet the requirements of the call.

8. AMOUNTS

Students who win an University international mobility project, already winners of Edisu scholarship a.y. 2022/23, will be granted with an additional monthly amount of **€ 600,00** for the duration of stay, **by a minimum of 1 month until a maximum of 10 months**. The period of stay must be certified by the University promoting the project and by other eventual departments involved.

In case of European destinations, it will be deducted a sum from the total monthly amount of € 600,00, depending on the European Country of destination. The deduction corresponds with the amount allocated by EU and disbursed by the university. The deduction amounts are described in the table below.

<ul style="list-style-type: none"> • GROUP 1 - € 350 per month (HIGH cost-of-living): Denmark, Finland, Iceland, Ireland, Luxembourg, Sweden, Lichtenstein, Great Britain, Norway, Fær Øer Island, Switzerland For Erasmus Traineeship projects, the monthly deduction is € 450.
<ul style="list-style-type: none"> • GROUP 2 - € 300 per month (MEDIUM cost-of-living): Austria, Belgium, Germany, France, Greece, Spain, Cyprus, Netherlands, Malta, Portugal For Erasmus Traineeship projects, the monthly deduction is € 400.
<ul style="list-style-type: none"> • GROUP 3 - € 250 per month (LOW cost-of-living): Bulgaria, Croatia, Czech Republic, Estonia, Latvia, Lithuania, Hungary, Poland, Romania, Slovakia, Slovenia, Former Yugoslav Republic of Macedonia (FYROM), Turkey, Serbia For Erasmus Traineeship projects, the monthly deduction is € 350.

E.g. Mobility in France → EU monthly amount = € 300 → EDISU deduction = € 300 → € 600 - € 300 = € 300/month.

In case of stay in **Switzerland**, Edisu will assess jointly with the University the eventual availability of contributions from the Swiss Government.

For Erasmus Traineeship projects, it will be deducted a sum corresponding to the share paid by the European Union, plus € 100.00 (see the table above).

In case of Extra-European destinations, there is no deduction from the amount of € 600,00. There might be exceptions for particular projects.

9. CALCULATION OF THE AMOUNT OF ADDITIONAL CONTRIBUTION

The additional contribution is initially estimated on the basis of the amount of months stated by the mobility contract. At the end of the mobility period, the contribution is recalculated on the basis of the amount of days effectively spent abroad.

It will be assigned an amount of **€ 600,00** for each full month. From this amount, it will be deducted a sum depending on the European Country of destination (see the table at paragraph 8). In case of Extra-Europe destinations, the eventual monthly deduction will be made only in particular cases according to the university rules about the mobility project

In case of incomplete month, it will be calculated a value equal to the one of the complete monthly amount, divided by 30 days. Then this value will be multiplied by the number of days.

Example:

€ 600/month - € 350/month = € 250/month	€ 250/month : 30 dd = € 8.33/day
€ 600/month - € 300/month = € 300/month	€ 300/month : 30 dd = € 10,00/day
€ 600/month without any deduction	€ 600/month : 30 gg = € 20,00/day

10. PAYMENT ARRANGEMENTS

The additional contribution will be granted in **two instalments** via crediting on a bank account, **according to the availability of funds and upon assessment of pending payments towards Edisu Piemonte:**

- **first instalment**, 70% of total amount
- from the **end of August 2023** in case the student results winner in the definitive ranking list on July the 13th 2023;

- from the **end of December 2023** in case the student results “[Sospeso/a in attesa di esiti Ateneo/Suspended waiting for University outcomes](#)” in the ranking list on July the 20th 2023 and “[vincitore/vincitrice - winner](#)” in the definitive ranking list on November the 23th 2023;

- **second instalment**, 30% of total amount, at the end of the mobility period, **upon submission/transmission of a copy of the permanence certification to Edisu** and assessment of the real period of stay by Edisu.

The payment of the second instalment, if due, will be only after the submission of a copy of the permanence certification according to the following timing:

- by the end of **March 2024**, for students submitting a copy of the permanence certification within February the 15th 2023;
- by the end of **November 2024**, for students submitting a copy of the permanence certification within October the 15th 2023;
- by the end of **April 2025**, for students submitting a copy of the permanence certification within March the 15th 2025.

In case the student does not submit the certification related to the permanence abroad by the dates indicated above, Edisu would automatically carry out assessment on the period of stay, jointly with the University. In this case, the student will receive the eventual second instalment by the end of November 2025 and **will lose any right for the reimbursement of the travel expenses**.

The sums shall be collected **by December the 31st 2026**. If, by that date, a valid IBAN code is not communicated, the amount of the contribution shall no longer be due.

11. ANTICIPATED RETURN

In case of **anticipated return** and in case the first instalment is higher than the entitled amount calculated on the real period of stay for the mobility, the student will lose any right to receive the second instalment and must **return the exceeding eventual amount** already received of the first instalment. Within 90 days from the deadlines abovementioned, the student will receive at the residence address a letter on the **restatement of the amount** providing all necessary information about the reimbursement of the amount that is not due.

In case of anticipated return, the procedures of reimbursement of travel expenses are indicated at the following paragraph.

12. REIMBURSEMENT OF TRAVEL EXPENSES

The reimbursement of the travel expenses will be paid **only if the University does not provide it** and only if the student submits the receipts of payment of the travel with the permanence certification. Otherwise, the student will not get any refund.

The travel reimbursement, if due, is paid with the same timing of the second instalment but with a different credit.

The reimbursement of travel expenses (round trip) can be granted **for a maximum amount of € 100,00** for European Countries and **for a maximum amount of € 500,00** for Extra-European Countries. Travel expenses must be documented when students submit the copy of the permanence certification at the end of the mobility period.

In case of anticipated return, if the student has to pay back part of the first instalment, EDISU will reimburse the travel expenses only if the student returns the exceeding amount. The reimbursement will start within 90 days starting from the expiration date of the return of the amount.

If the student sends only the copy of the permanence certification within the above-mentioned dates without the documentation related to the travel expenses, he will lose the right to the eventual reimbursement.

In case the student does not submit the certification related to the permanence abroad by the dates indicated at the par. 10 of this Guide, Edisu would automatically carry out assessment on the period of stay, jointly with the University. In this case, the student will receive the eventual second instalment by the end of November 2025 and **will lose any right for the reimbursement of the travel expenses.**

Travel refunds may be paid **only by crediting to a current account or a prepaid card with IBAN**, of which the student is the holder or co-holder. The IBAN code must be Italian (or belonging to a SEPA circuit). **Passbook savings accounts are not eligible.**

The sums shall be collected **by December the 31st 2026**. If, by that date, a valid IBAN code is not communicated, the amount of the contribution shall no longer be due.

13. WAIVER

In case of waiver of the integrative grant, the student must communicate it to Edisu **through a complaint online** within the deadlines indicated at par. 7

It is specified that, if the waiver is communicated to Edisu after the processing of the first instalment, it will not be possible to block the payment procedures and the student will have to return the amount unduly received. In such case, within 90 days from the date of notification of the waiver to Edisu, the student will receive at the address of residence a registered letter that will bear all the information necessary for the refund of the sum.

14. WINNERS IN THE RANKING LIST ON JULY THE 20TH

If winners on the ranking list of July the 20th 2023 do not have any active IBAN on their Edisu personal page **within August the 3rd 2023**, they will not receive the first instalment at the end of August 2023. **They have to wait for the following payment**, depending on the timing of administrative offices involved.

It is specified that “payment of the instalment” means the start of the payment procedure by Edisu to the student’s IBAN (bank account).

Therefore, the availability of the amount on the bank account may be on the following month and according to the timings of the Credit Institute.

15. WINNERS IN THE RANKING LIST ON NOVEMBER THE 23TH

Winners in the definitive ranking list of November the 23th 2023 will receive the contribution first instalment within December the 31st 2023, only if there is an active IBAN on their Edisu personal page **within November the 24th 2023**.

Differently, they have to wait for the following payment, depending on the timing of administrative offices involved.

It is specified that “payment of the instalment” means the start of the payment procedure by Edisu to the student’s IBAN (bank account).

Therefore, the availability of the amount on the bank account may be on the following month and according to the timings of the Credit Institute.

The IBAN must be communicated exclusively by filling out the online procedure “Communication of bank account – IBAN”.

This procedure must be used also in case of any modification on the IBAN previously provided. At the end of the procedure, after clicking on “SAVE AND TRANSMIT”, students will receive an email about the data of the IBAN provided.

No other modalities of communication or modification on one’s IBAN will be admitted.

**Winners can receive the contribution exclusively by crediting on bank account or on prepaid card provided with an IBAN account, named or co-named to the student. The IBAN code must be Italian (or belonging to a SEPA circuit).
Passbook savings accounts are not eligible.**

16. OBLIGATIONS AND PENALTIES

Students have the obligation to communicate the real length of the mobility period to Edisu.

- In case the student **waves the contribution** it is necessary to pay back the amount already received. By communicating the **eventual waiver of mobility contribution within July the 14th 2023**, the student will be excluded in the definitive ranking list on July the 20th 2023, and the first instalment will not be arranged. In this case, no amount needs to be reimbursed to Edisu. Students visualizing the outcome **“Sospeso/a in attesa di esiti Ateneo/Suspended waiting for University outcomes”** in the definitive ranking list on July the 20th 2023 and intending to waive the mobility contribution, are invited to communicate it to Edisu **within November the 17th 2023**.
- In case the student is going to **anticipate the return**, if the amount of the first instalment is higher than the amount due calculated on the real duration of the mobility period, the student loses the right to receive the second instalment, furthermore it will be necessary to pay back the eventual exceeding amount that has been already received.
- The eventual **extension** of duration of mobility period authorized by University, **is not considered** for the purpose of a recalculation of the amount; therefore the amount due remains the one displayed in the definitive ranking list.

17. ASSESSMENT OF MERIT CONDITIONS

Whenever a student is subject to a revocation of scholarship for the academic year 2022/23, the student will lose the “winner” status for the international mobility contribution 2023 and will have to reimburse the amount already received.

18. ASSESSMENT OF PERIOD OF STAY

The contribution amount is initially estimated on the basis of the number of months in the agreement. **In order to verify the real duration of mobility period, Edisu will check it out with Universities.** In case of anticipated return, the amount is recalculated according to the number of days actually spent on mobility. Whenever the amount of the first instalment is higher than the amount due, calculated on the basis of the real period of mobility, the student will lose the right to receive the second instalment and must reimburse to Edisu the eventual exceeding amount already received jointly with the first instalment. For any month of extension in the period of stay, no further contribution is granted.

Whenever the student is going to waive the contribution, or in case the student loses the right to receive the contribution for any reason, it will be necessary to reimburse to Edisu the amount already received.
