# SAMPLES OF INTERNATIONAL DOCUMENTS RELATED TO FAMILY COMPOSITION, INCOME AND IMMOVABLE PROPERTIES FOR THE 2022/23 BENEFITS APPLICATION.

The documents described below are only an example based on the previous years documentation. Any other document that meets the requirements at the art. 30 par. 3 of the notice of competition (or in the guidelines booklet) can be acceptable.

If students submit any documents listed below but those ones do not meet the requirements because of any reasons as per the art. 30 par. 3 or in the guidelines booklet, the documents will be rejected.

The names of the issuing institutions you find here are the result of a translation from the Italian version of the documents we got during the previous years. Therefore, they might not match with the official English name of your Country's institution.

If students have any doubt about specific documents, they can open a ticket at the section 4 (international students) to ask their question: however, the whole documentation will be not valuated by ticket. In fact, the correctness of the documents can be assessed only by the EDISU staff, once they receive the original copies of students' documentation.

The documentation described below is divided by Country. Unfortunately, since there are no many samples from many countries, you might not find the samples for your specific situation. In that case, you must follow the description of the required documents at the art. 30 par. 3 of the 2022/23 notice of competition or in our guidelines booklet and find out the documentation that meets the requirements with the institutions of your Country directly.

The documents described below do not include the certificates related to the **movable properties** (bank accounts, deposits, shares, bonds etc.). Normally, for every Country, a certificate issued by the bank or the private company involved is required. It is acceptable also in English, French or Spanish and not legalized.

In order to prove the **lack of movable properties** (bank accounts, deposits, shares, bonds etc.), students must submit the related certificate issued by the office in charge of their Country or, if it is not available, an affidavit or any other notary documents in which it is stated that one or more family members are not owner of movable properties. In case students submit the affidavit/notary document, it must be translated into Italian and legalized.

EDISU will verify the authenticity of the documents: if they find any fake or falsification, the student will be excluded from the definitive ranking list and reported to the fees office of her/his university in order to warn them for the fee reduction procedure.

At the end of the list, you can find the instructions of the art. 30 par. 3 of the 2022/23 notice of competition, which specifies the overall requirements of the consular documents and which is available also in our <u>guidelines booklet</u>).

Income: there are two samples for this document:

1. Certificate issued by the employer, referred to the required year.

2. Record of social security payments, issued by the National Social Security Office. It is acceptable only if the income related to all the months of the required year is specified. It will be rejected if there is no info about the required year or the overall income;

**Unemployment**: the certificate issued by the Police station, used to specify the family composition (see above), specifies also the job of each member. In case of unemployment, it must be reported that the member is unemployed or housekeeper.

Immovable property: Certificate issued by the Cadaster.

#### YEMEN

**Certificate from the diplomatic mission in Italy**: the Yemen's Embassy in Rome can issue a single certificate, which summarizes all the required info. <u>It must be legalized by the Italian *Prefettura* as well.</u>

#### ZAMBIA

### **ZIMBABWE**

**Certificate from the Italian diplomatic mission in Zimbabwe**: the Italian embassy in Harare, can issue a single certificate, which summarizes all the required info. Please, refer to the Italian embassy in Harare for more info.

# **OVERALL REQUIREMENTS OF THE CONSULAR DOCUMENTS**

Consular documents consist of certificates or declaration, issued in original copy, stating:

The student's family composition (name, surname and date of birth of parents, brothers, sisters and other people residing in the same house of the student).
<u>The information about the student's parents must be always provided:</u> if one of the parents passed away, the documents must specify the decease date: otherwise, the student must

passed away, the documents must specify the decease date; otherwise, the student must enclose a death certificate, although not in original copy.

If the student's parents are separated or divorced, or in case of single parent, the student must enclose a certificate stating this condition.

If the student is married, the family is composed by the student, the spouse, the children and other possible members. The student's parents must be included if they live in the same family unit of the student or if neither the student nor his/her spouse is independent (see the point 5 below).

**2.** The annual household incomes earned abroad during 2020. The incomes of each member in the family unit (included the adult siblings whose data appear on the family composition certificate) must be taken into account.

If the certificates about 2020 are not available, documents relating to 2021 income are acceptable only for extra-EU students; <u>EU students (also Italian citizens) must submit 2020 related incomes.</u>

Certificates considering periods belonging to two different years (e.g, from Mar. 2020 to Mar. 2021) are not accepted. For the countries whose fiscal calendar or solar calendar is different from the Italian one, it is possible to submit the incomes that cover the whole Italian solar calendar (e.g. from Mar. 2020 to Mar. 2021 + from Mar. 2021 to Mar. 2022, so that the whole 2021 is covered).

It is necessary to submit the **gross** income of a whole year or all the 12 months of the year. <u>Monthly based income will be rejected</u>. In order to calculate the ISEE value, EDISU or the CAAF will calculate 13 months of income (even if the student submitted 12 months or the yearly income).

If the student's parents or other adult members of the family do not work, the documents must specify their **unemployment** condition in the required year: for unemployed adult siblings, the certificate of enrollment to schools or universities is acceptable as unemployment certificate. In case the family unit receives any form of subsidy/economic help from the government or national institution, documents are required as well. Whenever there are any retired members in the student's family unit, the student must provide a certificate about the retirement, stating the retirement's amount for at least one month (in this case, the month one is acceptable.

Bank account movements, in which the payment of the salaries is specified, cannot be accepted as income related documents.

**3.** The bank accounts/deposits and any other movable assets (bonds, shares etc.) possessed by each adult member included in the family unit (also student and siblings) on 31

December 2020. This document is **compulsory** but it must be translated only (acceptable also in English or French), not legalized. Whenever there is an adult family member without a bank account, this info must be specified: only for this info, an affidavit or a notary certificate is acceptable, <u>but it must be translated into Italian and legalized</u>. If students do not provide this info referred to all the adult family members, they will be excluded.

- 4. The immovable assets (real estate) possessed by all of the adult family members. <u>EU students (also Italian citizens) must submit the immovable assets document referred to 31 Dec. 2020.</u> This document is required even if none of the adult members of the family possesses any assets, or if it is not possessed anymore when the document is issued. **Rental agreements do not substitute the lack of property documents**. The property certificate must compulsorily specify the **square meters** of the property. Assets documents relating to lands are not required. Even if a family member owns one or more assets, the lack of properties of the other adult members (student included) must be provided.
- 5. Students who want to apply as independent (i.e. without submitting the economic documents related to their parents) must submit documents proving their own income from work in 2020 and 2021 and that they have been living on their own for 2 years at least. The income in 2020 and 2021 must be 9,000.00 € per year at least.

These certificates must be:

- 1. Issued by the competent authorities of the countries where the incomes are produced and the properties are located;
- **2.** Translated in Italian language by an official translator. The translation must be attached to the original document: translation separated from its original is not acceptable.
- **3.** Legalized by the Italian diplomatic mission of the students' home countries (Legalization Office at the Embassy or General Consulate). If the country is a member state of the Hague Convention of 5 October 1961, an apostille stamp on the document is considered a full legalization: in this case, apostille can be issue in French, in the language of the country or can be in multi-language version.

Students who arrive in Italy with the documentation in original language, not translated and legalized, or meet attested difficulties to issue or legalize the documents in their own Country, have to:

- 1. Stamp and translate the documents at their Embassy or General Consulate in Italy. Otherwise, they can ask for a consular declaration, issued on the basis of the original documents, attesting the composition, incomes and assets of the student's family;
- 2. Legalize the documents in a Prefecture.

Students can also get their documents translated in Italy, by an official translator, and get the legalization in an Italian Courthouse ("Tribunale") with the procedure called "Asseverazione".

Documents about the family's composition and assets must be compulsorily issued in 2022.

**The translation and legalization** procedures of all the documents listed above must be done in 2022. Translations and legalization with a date **before 1 Jan. 2022 are not acceptable.** 

If students submit the documents in 2023 (see below for the specific cases), EDISU will accept documents issued, translated and legalized also in 2023 but the income/properties must be referred to the years/dates specified above.

Affidavit or self-certification based on student's original documents or students' declarations cannot be accepted.
