ISEE Universitario

What is it?

The ISEE (Indicatore Situazione Economica Equivalente/Equivalent Economic Situation Indicator) certificate is issued by the INPS institute and certifies the economic and estate capacity of the family unit.

In order to obtain the ISEE you must sign the DSU form (Dichiarazione Sostitutiva Unica/Comprehensive Replacement Declaration).

How do I get it?

Any member of the registered family unit can request it at a CAAF (Centro Autorizzato Assistenza Fiscale/Authorised Fiscal Assistance Office) office in Italy. The ISEE can be requested from January until December and, regardless of the day of request, it is valid until December 31st of the year in which it has been signed and issued.

To obtain the issuance of the ISEE, it is necessary to submit a DSU (DICHIARAZIONE SOSTITUTIVA UNICA)

⇒ Dichiarazioni Sostitutive Uniche (DSU) and 2026 ISEE Certifications signed from 01/01/2026 are valid until 31/12/2026.

⇒ The income and asset data used for the DICHIARAZIONE SOSTITUTIVA UNICA (DSU) and the ISEE certificate are based on the second calendar year prior (i.e., 2024 for ISEE certificates issued in 2026).

What do I say to the CAAF in order to request the ISEE Universitario?

You must request that the **QUADRO C Prestazioni Universitarie** (Panel C – University services) **of the DSU form is filled out** (page 3 of the section of the DSU form referring to you must be filled out).

How do I know if the ISEE is the Universitario type (in case my parents requested the ISEE)?

You must check that YOUR fiscal code appears in the first page of the ISEE certificate

ATTESTAZIONE ISEE

L'INPS attesta che, in base ai dati contenuti nella Dichiarazione Sostitutiva Unica con numero di protocollo xxxx presentata da xxxx in data gg/mm/aa,

- il nucleo familiare del Dichiarante è così composto:

NUCLEO FAMILIARE DEL DICHIARANTE	Relazione con il dichiarante	Cognome	Nome	Codice fiscale

- è stato calcolato il seguente indicatore:

ISEE ORDINARIO	l'indicatore della situazione economica equivalente (ISEE) è il seguente:		Euro	xxxxx,xx
----------------	---	--	------	----------

Nota Bene: l'ISEE ordinario sopra riportato è valido per la generalità delle prestazioni, salvo quanto di seguito specificato.

Ove siano richieste **prestazioni agevolate di natura socio-sanitaria** (di cui all'articolo 6 del DPCM 5 dicembre 2013, n. 159), **prestazioni agevolate rivolte a minorenni** (articolo 7), **prestazioni per il diritto allo studio universitario** (articolo 8), o l'ISEE **corrente** (articolo 9), l'attestazione potrà assumere specifiche connotazioni. - relativamente all'indicatore calcolato si fornisce la modalità di calcolo:

BEWARE! If in the line highlighted above you find the fiscal code of another member of your family unit, not yours, it means that the ISEE does NOT APPLY TO THE UNIVERSITY SERVICES to you. In this case your result in the provisional ranking lists will be EXCLUDED, and you will be able to fix your situation ONLY IF you submit an ISEE certificate that applies to the university services to you through the complaint procedure ("ISEE Data" section) by the deadline of the complaint referring to the benefit you applied for (please check the deadlines on the Notice of Competition).

Which documents must I submit to the CAAF office for requesting the ISEE Universitario?

- Self-certification about the composition of your family unit (*nucleo familiare anagrafico*: family unit registered in the civil registry records). We advise you to check the exact composition of the family unit by contacting the *Ufficio Anagrafe* (Civil registry Office) of the *Comune/Municipality* in which you reside (Beware! Moving your domicile to a different address does not mean that the residence address has changed!);
- Legal separation/divorce decree (yours or your parents', if present);
- If it is the case, a document stating the fact that you are listed in a cohabitation registry (*convivenza anagrafica* in Italian). It applies in case you live in a foster home/*casa famiglia*, host community/*comunità di accoglienza*, if you are a soldier/serviceperson, if you are on prison regime, or if you belong to a religious order
☐ **BEWARE!** Your residence must be registered in one of the facilities mentioned above;
- Any measure issued by the *Autorità Giudiziaria* (legal authorities, or certification from the social services) about your removal from your family of origin, or certificates about the economic and emotional extraneousness of one or both parents towards the student;
- Certificate of disability referring to you or to a member of your family unit/cohabitant of yours (if present);

- Expenses (previously included in the *dichiarazione dei redditi*/tax declaration) which entitle you to a deduction, as you can deduct them in the ISEE too;
- Incomes (including the ones that are IRPEF exempted, like the EDISU Piemonte Scholarship and the economic treatments referring to tax year 2024 received by your family unit ☐ **EDISU CU 2025 referring to 2024 incomes**);
- Incomes earned abroad by members of your family unit in 2024;
- *patrimonio mobiliare* (movable property), including the final balance and the average daily balance (*giacenza media* in Italian), referring to the date of December 31st, 2024. As for building and plots of land possessed, you must refer to their IMU value;
- real estate assets possessed abroad by members of your family unit at December 31st, 2024 (IVIE value for both buildings and plots of lands);

- If you are a **CARE LEAVER** student, you are entitled to sign the DSU form as the **only member of the family unit**. You must submit to the CAAF office a copy of the removal order from your family of origin.
-

BEWARE! The inserted data will be cross-referenced with the ones in the database of the dell'Agenzia delle Entrate and credit institutions! **YOUR ISEE MUST NOT HAVE ANY ANNOTATIONS OF OMISSIONS/DISSIMILARITIES (OMISSIONE/DIFFORMITA' in Italian)**, so please check the bottom of the first page of the ISEE certificate. The box showed below must **NOT** appear on the ISEE certificate.

La Dichiarazione Sostitutiva Unica è **valida** fino alla data gg/mm/aa

Annotazioni:
Controllo effettuato con Agenzia delle Entrate in data gg/mm/aa sui dati della DSU xxxx a seguito del quale sono state rilevate le seguenti omissioni / difformità:

Codice fiscale per cui sono state rilevate omissioni / difformità	Tipologia di omissione / difformità	Specifiche

Il commissario straordinario

If this box appears on the ISEE, it means that the certificate is annotated (*annotato* in Italian). You must contact the CAAF office, submit the missing documents pointed out in the ISEE and sign a new DSU form.

How do I submit the ISEE Universitario to EDISU?

You do not have to submit any document, as EDISU will download the certificates telematically.

Beware:

- EDISU will download the last available certificate on the INPS database;
- Within 48 hours after receiving the confirmation of the acquisition of the paperwork, you will receive the "Ricevuta Dati INPS/INPS data receipt" ☐ check your email inbox;

- If the receipt shows some download errors (ISEE not of the Universitario type, ISEE with annotations of omissions/dissimilarities, ISEE certificate that cannot be found) you must request and sign a new ISEE. Once the ISEE has been issued, you can:
 - submit the correct data through the Web Adjustment procedure (by the application deadline of the benefit you requested);
 - submit an official complaint (after the application deadline of the benefit you requested).
- Check that the data that were downloaded match the ones you want to submit to EDISU. If the ISEE data do not coincide, you can:
 - submit the correct data through the Web Adjustment procedure (by the application deadline of the benefit you requested);
 - submit an official complaint (after the application deadline of the benefit you requested).

FURTHER INFORMATION about the ISEE UNIVERSITARIO are available at art. 6 of the Notice of Competition a.y. 2026-2027. You can also open a ticket in the ISEE/ECONOMIC REQUIREMENTS section.

ISEE CORRENTE

What is it?

It is a type of **updated** certificate that **refers to the incomes and contributes perceived in the last 12 months**; unlike the ISEE certificate elaborated according to ordinary rules which refers to two tax year prior the signing of the DSU form and therefore might not reflect the current situation of the family unit.

Before requesting the calculation of the ISEE Corrente, a valid 2026 ISEE Universitario certificate must have already been issued.

⇒ It is possible to request the calculation of a ISEE Corrente in the presence of significant changes in the income or assets of at least one household member, or following adverse events, when such income and assets no longer reflect the actual economic situation of the household. The ISEE Corrente is an updated version of the standard ISEE, based on the income and benefits received in the **last twelve months** (or the **last two months**, projected over the full year, in cases of interruption of social security, welfare, or indemnity benefits, or for permanent employees who have experienced job loss, suspension, or reduction of work activity), or based on the **assets of the year prior** to the submission of the DSU.

In which cases can I request it?

You can request the elaboration of the ISEE Corrente certificate if you or a member of your family unit experienced:

INCOME REDUCTION:

- **INCOME DECREASE** due to **job loss**, **cassa integrazione** (redundancy fund), **suspension or decrease in working hours (also for self-employed workers)** or **interruption of health care treatments** (NASpl □ **Nuova Assicurazione Sociale per l'Impiego** (New Social Assistance for Employment), o altri sostegni al reddito erogati da INPS
- **SIGNIFICANT REDUCTION OF THE TOTAL INCOME OF THE FAMILY UNIT (a decrease of at least 25%);**
- **INTERRUPTION OF COMPENSATORY HEALTH CARE TREATMENTS** perceived in the last 12 months;
- **INTERRUPTION OF THE PARTITA IVA (Tax ID/VAT number).**

ASSET REDUCTION:

It can be requested starting from April 1st of each year **ONLY IF** you or a member of your household has experienced a reduction in real estate assets compared to the standard ISEE certificate.

How do I request it to the CAAF office?

You must have previously signed a DSU form and, thus, have a currently valid ISEE certificate.

INCOME

REDUCTION:

You must submit supporting evidence about the elements that affected the income variation (letter of dismissal, interruption of the partita IVA/VAT number, Cassa Integrazione/redundancy fund, etc...) and about the current situation (new paycheck, etc...).

ASSET

REDUCTION:

You must submit the standard ISEE certificate along with the corresponding signed DSU (Single Substitute Declaration), and provide documentation proving the reduction in assets (e.g., deed of property sale, bank account closure, liquidation of an investment, sale of shares, etc.).

The CAAF officers will help you filling out the *Modulo Sostitutivo* (replacement form), which reflects the current income situation. The personal data of the member of the family unit who is affected by one of the circumstances listed above must be indicated, and supporting evidence about the event at issue (letter of dismissal, Cassa Integrazione/redundancy fund letter, etc...) must be attached.

BEWARE! THE SUBMISSION OF THE MODULO SOSTITUTIVO/REPLACEMENT FORM DOES NOT GUARANTEE THE ISSUE OF THE ISEE CORRENTE CERTIFICATE. The ISEE Corrente certificate is issued by the INPS institute **ONLY IF**, after proper verification, the family unit actually results affected by one of the circumstances established by the regulation.

How long is the ISEE Corrente valid?

The ISEE Corrente is valid as follows:

- **For six months** from the date of submission of the ISEE Corrente DSU, if only income has been updated, unless there are changes in:
 - employment status;
 - receipt of benefits.

In both cases, the ISEE Corrente must be updated within two months of the change.

- **Until December 31** of the year in which the Current DSU is submitted, if only assets have been updated.
- **Until December 31** of the year in which the Current DSU is submitted, if both assets and income have been updated, unless there are changes in:
 - employment status;
 - receipt of benefits.

Again, in both cases, the ISEE Corrente must be updated within two months of the change.

In all cases, the ISEE Corrente must be **valid at the time of the application for benefits or the submission of any complaint.**

Refer to the Notice of Competition to **check the deadlines.**

How do I submit the ISEE corrente?

You must check the "Ricevuta dati INPS/INPS data receipt": if in the receipt you see the data of the ISEE Corrente certificate, you must do nothing.

If, on the other hand, another certificate has been downloaded, then you must open a ticket (in the ISEE/ECONOMIC REQUIREMENTS section) and attach the ISEE certificate elaborated according to the ordinary rules and its DSU form, and a copy of the ISEE Corrente certificate with the related integrative form.

FURTHER INFORMATION about the ISEE CORRENTE are available at art. 6 of the Notice of Competition a.y. 2026-2027. You can also open a ticket in the ISEE/ECONOMIC REQUIREMENTS section.

ISEE Parificato

What is the ISEE Parificato?

ISEE Parificato certificate includes information regarding the composition of student's family unit, incomes and assets (movable and immovable) who are not resident in Italy [both Italian, international EU and non-EU] and who have members or the whole of their family unit residing abroad.

How do I get it?

Starting from a.y. 2025-2026 the ISEE Parificato is calculated directly by EDISU Piemonte through the CAAF under agreement with EDISU.

Students must transmit the original, translated and legalized consular documentation through postal service or courier to EDISU Piemonte. The documentation is then evaluated and, only if valid, it is handed over to a CAAF operator who will work on the calculation of ISEE Parificato in Edisu Piemonte offices.

The value of the ISEE Parificato is made available to the student when the provisional ranking lists of the benefit that he/she intends to request are in the publication process.

EDISU will not take into consideration any ISEE Parificato value or certificate that will eventually be sent attached to the consular documentation.

Documents must be submitted to EDISU by the deadline!

For **FURTHER INFORMATION:**

check Art. 30 of the Notice of Competition A.Y. 2026-2027 or open a ticket > ISEE/ECONOMIC REQUIREMENTS section.

How is the ISEE Parificato calculated?

- 1. by adding together the gross incomes of all members of the household (line G)
- 2. by adding together the movable properties of all the members of the household (line H)
- 3. by entering the value of the main residence house (line I)

- 4. by adding up the value of every other real estate property of the household (line J)
- in case the housing unit is rented, the rent's annual value is deducted from income's sum, up to a maximum of € 7,000 or, at most equating the income's value. In case of a rent's value higher than the income's value there will not be any deduction.

The Income Situation Indicator (**ISR**) is so defined.

The balance sheet is instead calculated:

REAL ESTATE ASSETS:

considering the value of the main residence house

and

by deducting the house's value or a value up to a maximum of € 52,500. It is also possible to deduct any residual mortgage up to the value of the house; only the 2/3 of the obtained difference is taken into consideration and that must be added to the values of other buildings

and

after having considered the shares of the residual loan's deduction (proven by certificates), by deducting a value up to that of the single building

MOVABLE ASSETS

€ 6,000 is deducted from the movable assets indicated in line H until the value reaches zero

The obtained real estate and movable assets are added together to form the Balance Sheet Indicator (ISP)

20% of the ISP must be added to the ISR that becomes ISE (Economic Situation Indicator)

ISE is then divided by the Equivalence Scale (SE) and becomes ISEE (Equivalent Economic Situation Indicator)

ISP is also divided by the SE and becomes ISPE (Equivalent Balance Sheet Indicator)

EQUIVALENCE SCALE values:

1 person = 1

2 people = 1.57

3 people = 2.04
4 people = 2.46
5 people = 2.85
6 people = 3.20
7 people = 3.55
8 people = 3.90
9 people = 4.25
10 people = 4.60

Which exchange rate will be applied for the conversion of the economic data?

The exchange rate is calculated according to the official one of the **Italian Bank ("Banca d'Italia")**: for EU students, it is the one on 31 Dec. 2024 (or the previous first working day); for non-EU students, it is the one on 31 Dec. 2025 (or the previous first working day).

DETAILS FOR THE CONSULAR DOCUMENTS TO BE PROVIDED

Here you can find the details about the information to include in the economic documentation for all the international students (NON-UE and UE) **we invite you to check ANNEX F of the a.y. 2026/2027 Notice of Competition to learn more about the acceptable documentation for your Country of origin.**

**SPECIFICATIONS AND SPECIAL CASES CONCERNING INFORMATION TO BE INCLUDED IN THE
CONSULAR DOCUMENTATION OF INTERNATIONAL STUDENTS**

Below are detailed guidelines on the information that must be included in the financial documentation for students with family residing in non-EU and EU countries.

The most common special cases are also indicated. If the cases listed do not include a particular situation, students are requested to contact EDISU by opening a ticket.

Further details will be set out exclusively in English in Annex F below, which is intended solely for the use of international students.

1. HOUSEHOLD COMPOSITION

This means a certificate in which all members living with the student appear. It must provide details of the first name, surname and date of birth of each cohabiting member.

Parents: information on parents must always be provided, unless an application is made as an independent student (see below) or the following special cases arise:

- a) Death: in the event of the death of a parent, this must be specified in the certificate. If this is not possible, the death certificate may be presented as a non-original copy without legalisation and is also acceptable in English, French, or Spanish.

In the case of a student who is an orphan, the registered household must refer to the provisions of art. 6(1.6), only if the students reside alone.

- b) Divorce or legal separation: in the event of divorce or legal separation, this must be specified in the certificate. If this is not possible, the divorce or legal separation certificate may be presented as a non-original copy without legalisation and is also acceptable in English, French, or Spanish.
- c) Financial-emotional estrangement: if the student has only one parent and there are no financial or emotional ties with the other biological parent, this must be specified in the certificate. If this is not possible, the financial-emotional estrangement certificate may be presented as a non-original copy without legalisation and is also acceptable in English, French, or Spanish. If it is only possible to produce this document in Affidavit, it must be translated into Italian and legalised.

Non-cohabiting members: For all members aged 18 or more as of 1 January 2026 indicated in the certificate of household composition, documentation on the existence or no of income and assets must also be submitted. If the certificate of household composition includes members who no longer live in the same household as the student, they may be excluded from the household by submitting additional documentation to prove the lack of cohabitation; this documentation may be submitted as a non-original copy, without legalisation and is also acceptable in English, French, or Spanish.

Married students: the household consists of the student, spouse, children and any other people living with them. Parents of spouses are to be included in the household only if they still reside with the student or if, although their residence is different, the student does not meet the requirements for independent status (see below).

Adult members: "members aged 18 or more as of 1 January 2026" means any member of the household (including students) who turned 18 years of age during the calendar year 2025 (1 January-31 December) and were therefore of legal age as of 1 January 2026. Any members born on 1 January 2008 itself are excluded from this definition.

New marriage: if one of the student's parents is married in a new marriage to a person other than the other parent, the new spouse must be included in the household and therefore the relevant income and assets must be submitted.

2. INCOME

For all household members aged 18 or more as of 1 January 2026, the total gross annual income must be submitted or, if there was no income, the certificate of no income or unemployment for the year requested. This information must be provided even if the household members were not of age in the requested year but are of age on 1 January 2026.

The details of the information required are listed below:

- Type of income: the total gross annual income must be provided. Certificates specifying net income or a generic income (without the specification "gross") will not be accepted. On the other hand, certificates in the form of tables or income tax

returns are acceptable that, while not showing the specification "gross", allow the same to be traced by showing tax and social security deductions and any bonus payments. If all the monthly payments for the year are not submitted, EDISU Piemonte shall automatically apply the calculation of the thirteenth monthly payment; in addition, any income support and/or state subsidies that a family member benefits from must be declared.

- Currency required: income must be expressed in local currency only, so that EDISU can proceed to convert the currency into Euro for the calculation of the ISEE Parificato. Certificates showing income already converted into Euro or other currencies will not be accepted. If the document shows both income already converted into Euro and expressed in local currency, this will be accepted but the value converted into Euro will not be taken into account.
- Income reference period: for non-EU students, only 2025 income is required. For EU students, only 2024 income is required.
- The total gross annual income or the total gross income for each individual month from January to December must be indicated. Certificates showing only some monthly payments, without further information on income or unemployment for the remaining months, will be considered ineligible. If all the monthly payments for the year are not submitted, EDISU Piemonte shall automatically apply the calculation of the thirteenth monthly payment; in addition, any income support and/or state subsidies that a family member benefits from must be declared.

Indications of income referring to periods between two different years (e.g. income between March 2024 and March 2025) will not be allowed.

- Unemployment: If one or more household members aged 18 or more as of 1 January 2026 have not produced any income in the year claimed, it is mandatory to submit a certificate of no income or unemployment for that year. For any adult siblings as of 1 January 2026 or for the student (if an adult as of 1 January 2026), proof of enrolment in a school or university in the year applied for is also acceptable by way of unemployment certificate. In this case too, the documents must be translated into Italian and legalised.
- Pensions: if there are pensioners in the household, documentation must be provided on the gross pension with reference to the entire year requested; it will not be sufficient to submit only one monthly payment or less than 12 monthly payments for the year requested. In the event of the submission of pensions for all 12 individual months, EDISU will do the annual calculation considering 13 monthly payments for the entire year. In addition, it is necessary to declare any income support and/or state subsidies that a family member benefits from.
- Exchange rate: EDISU uses the provisions of the Banca D'Italia (<https://tassidicambio.bancaditalia.it/terzevalute-wf-ui-web/converter>). For EU students, the calculation is as of 31 December 2024; for non-EU students, it is as of 31 December 2025 (or the first working day immediately preceding). If the documents show income in both euro and local currency, the value expressed in euro will not be taken into account, and EDISU will convert the income expressed in local currency into euro. If the document states the income in euro, it will be deemed non-compliant.

3. MOVABLE ASSETS

For all household members aged 18 or more as of 1 January 2026, information on the

presence of movable assets (deposits, current accounts, savings books) or, if there are none, the certificate attesting to their lack must be submitted. This information must be provided even if the household members were not of age at the requested date but are of age on 1 January 2026.

The details of the information required are listed below:

- Existence of movable assets: for non-EU students, the certificate must show the balance as at 31 December 2025 or the average for the year 2025; for EU students, the balance must be as at 31 December 2024 while the average must refer to 2024. This document may be presented as a non-original copy without legalisation and is also acceptable in English, French, or Spanish.
- Lack of movable assets: if a household member aged 18 or more as of 1 January 2026 did not own any movable assets on 31 December 2025 (non-EU students) or 31 December 2024 (EU students), documentation must be submitted to prove this lack. Only for this type of information can a notarised self-declaration or affidavit be accepted. In this case, the documents must be translated into Italian and legalised.

Certificates of a lack of movable assets issued by individual credit institutions, banks, finance companies or other private entities are not acceptable.

4. REAL ESTATE ASSETS

For all household members aged 18 or more as of 1 January 2026, information on the presence of movable real estate assets or, if there are none, the certificate of their lack must be submitted. This information must be provided even if the household members were not of age at the requested date but are of age on 1 January 2026.

The details of the information required are listed below:

- Houses and other buildings: for non-EU students, it is mandatory to submit information on any houses or other types of buildings that may be owned as of 31 December 2025 by each member aged 18 or more as of 1 January 2026; for EU students, it is mandatory to submit information on any houses or other types of buildings owned as of 31 December 2024 by each member aged 18 or more as of 1 January 2026. The specification of the surface area in square metres is also mandatory.
- Lack of real estate assets: if an adult member as of 1 January 2026 had no real estate assets as at 31 December 2025 (non-EU students) or 31 December 2024 (EU students), the relevant certificate of lack of ownership must be submitted. A lease agreement is not acceptable to prove the lack of ownership.
- Land for agricultural use: it is not necessary to submit information on any land owned. However, it is only possible to accept a certificate bearing the ownership of land to attest to the lack of houses or other buildings if the certificate constitutes a property registry entry in which all real estate in the citizen's name appears.
- Rental contract: a rental contract cannot be used to certify a lack of real estate. However, students can hand it over to EDISU to make the fee deduction when calculating the ISEE value. Please note that no fees will be deducted if their value is greater than or equal to the total household income. In this case too, the documents must be translated into Italian and legalised.
- Mortgage on a building: if a building is encumbered by a mortgage, you may submit a copy of the mortgage deed with the principal amount of debt outstanding as at 31 December 2025 [2024 FOR EU] in order to proceed with the deduction of the value up to the value of the building. In this case too, the documents must be

translated into Italian and legalised.

5. INDEPENDENT STUDENTS

"Independent students" means single or married students who wish to apply without including their parents' household (art. 6(1.5)).

To be able to apply as an independent student, it is necessary to provide, in addition to the documentation listed above, additional documentation to prove independent status, i.e:

- having received employment income of at least € 9,000.00 (or foreign currency equivalent) for the tax years 2024 and 2025
- having had a different residence to that of their family of origin (in a property that is not owned by a member of the household or other relative) for at least 2 years as of the date of application.

Income requirement: documentation must be submitted to prove that gross earned income was at least € 9,000.00 (or foreign currency equivalent) in both 2024 and 2025. For married students, it is also possible to reach the € 9,000.00 threshold by using their spouse's income or by adding their own income to that of their spouse. If not all the monthly payments for the year are submitted, EDISU Piemonte shall automatically apply the calculation of the thirteenth monthly payment; in addition, it is necessary to declare any income support and/or state subsidies that a family member benefits from.

Any scholarship amount received from EDISU or another Agency for the Right to Education is not considered when calculating the minimum income threshold required.

Residence requirement: you must submit a document proving that your residence has been different to that of your family of origin for a period of at least two years from the date of submitting the scholarship application. This residence may not be in a property owned by a member of the household or other relative.

To certify this requirement, a rental contract, a certificate of residence, or a certificate of home ownership of the house of residence in the student's name can be used. In this case too, the documents must be translated into Italian and legalised.
