Edisu Piemonte, in order to modernize the canteen services usage, updated the Food Services access form. The new "**Campus Piemonte ID Meal**" App foresees student identification in univocal way, generating a dynamic QR Code preventing its indiscriminate utilization to students not recognized in Edisu systems or in the Food Services Web portal.

To access the canteens, following steps are to be followed:

- Download “Campus Piemonte ID Meal” App from Apple store (for iOS), Google Play (for Android) and AppGallery (HUAWEI);
- Enter EDISU Piemonte (<https://www.edisu.piemonte.it/it>) web site and click on “Online Services” icon top right, to associate your mobile device;

- Click on “Catering (Ristorazione)” key.

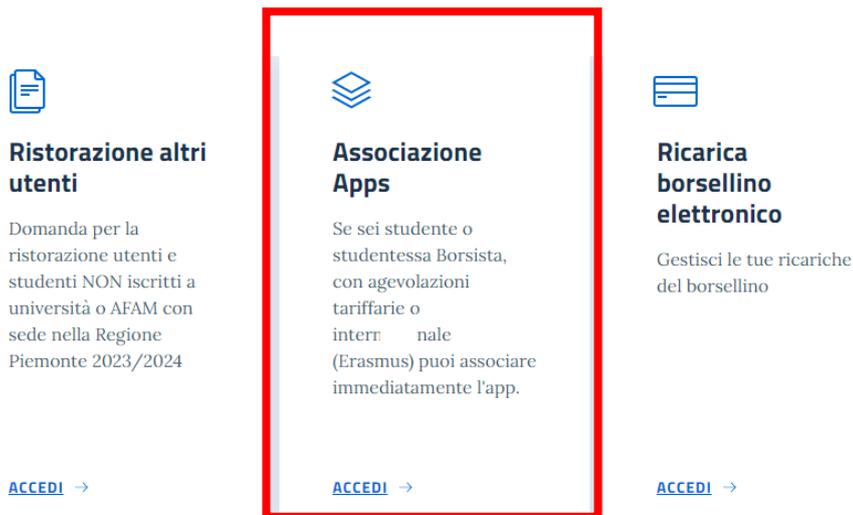

- Enter the reserved area of Sportello Online with the Temporary Access Code and password that University sent you (**NOTE that you DO NOT HAVE TO REGISTER AND APPLY for the temporary code but use the one the University sent you.** If you did not receive it, you need to contact the University)

- Click on “Catering” Web Portal (Portale Ristorazione);

Now you can proceed to associate your App at once as shown below

- Click on “Canteen App Association” (“Associazione App Mensa”)

- Click on “Generate QR Code” and scan it with your smartphone to activate the App;

ASSOCIAZIONE APP *Campus Piemonte ID Meal* AL DISPOSITIVO MOBILE

UTENTE ██████████

Per completare l'associazione con il tuo dispositivo mobile inquadra il QR Code tramite l'applicazione *Campus Piemonte ID Meal*

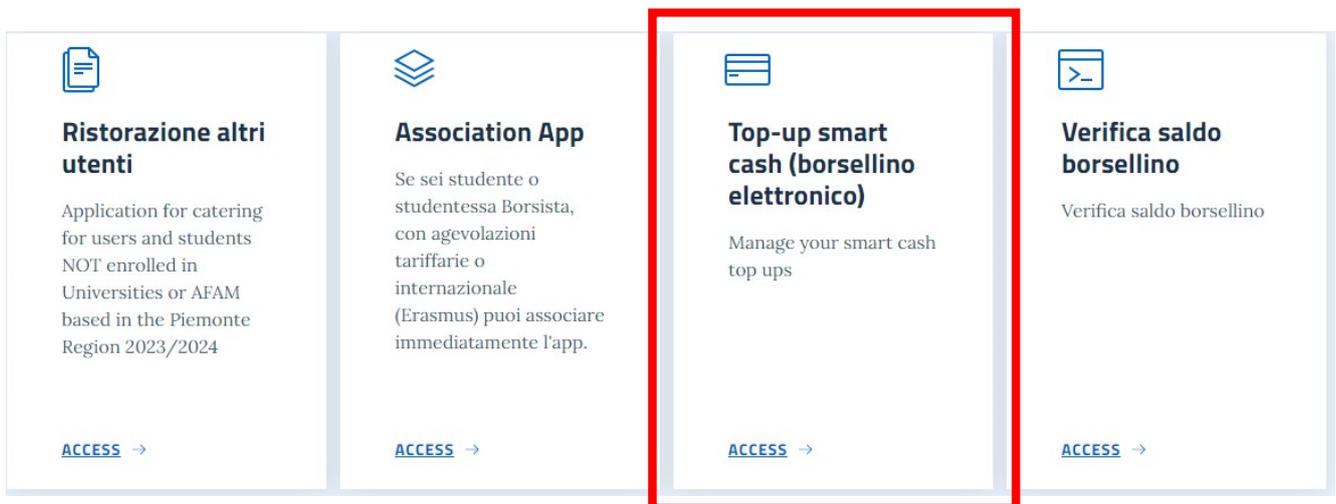

- Open the App and choose a 5-digit pin (your personal pin to be kept with the utmost care). Do not forget it, otherwise you should follow the instructions given in the Catering Web Portal to dissociate your mobile device, then create it again

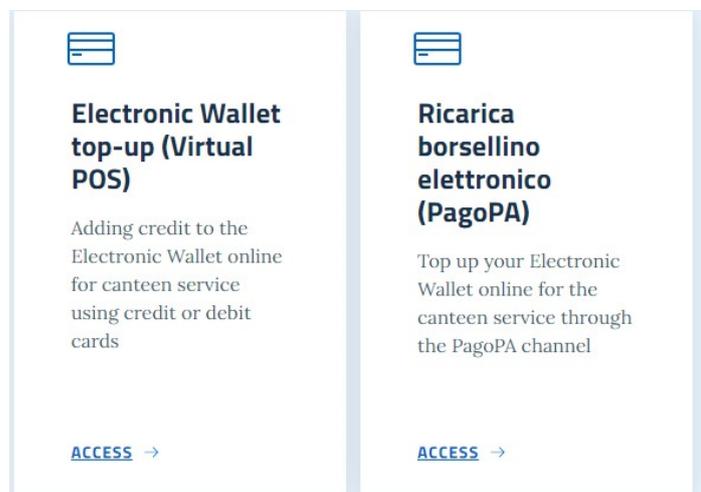

Now you are ready to recharge your electronic wallet. How to proceed:

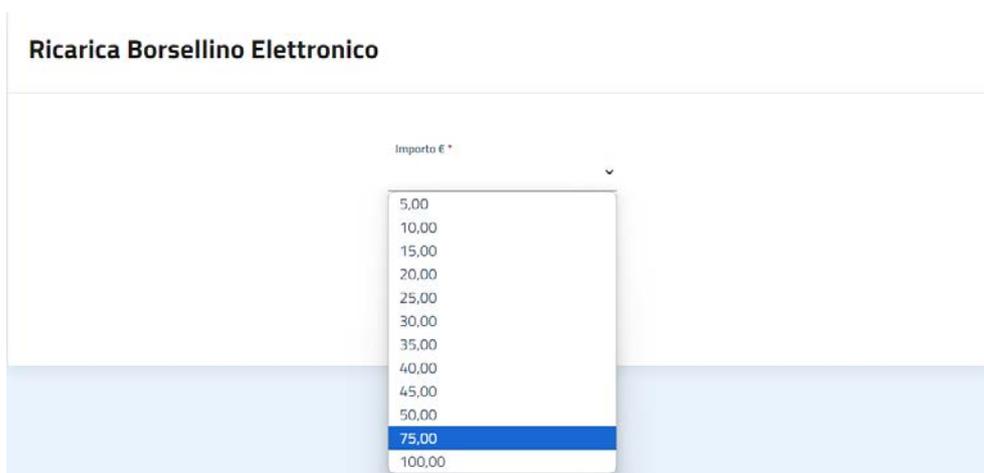

- Click on “Top-up smart cash” (Ricarica borsellino elettronico)

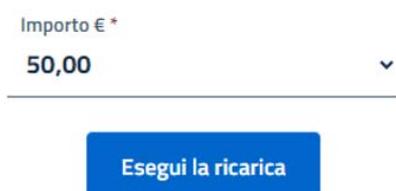

- Now you can choose between “PagoPA electronic wallet recharge” and “Virtual Pos Unicredit”

If you choose "Virtual POS Unicredit" you have to select the amount of your recharge

- Click on “Perform Recharge” key

- Choose a payment method among the available ones, Credit Card or Bancomat Pay.

You are now ready to go to the canteen and have your meal.

You only have to open the App, go to the cash register and, using Canteen Card function, generate your personal dynamic QR Code to be shown to the Cashier.
